TEACHERS EDUCATE OUR CHILDREN! TEACHERS’ PAY MUST INCREASE!

- Teachers in NI have been denied a cost of living increase for 2015-16 while every other education worker has received one.

- Teachers salaries in NI are already 16% below the OECD average.

- Teachers salaries in NI have declined in real terms by a shocking 15% since 2010-11.

- The Department of Education returned unspent money, allocated for the 2015-16 increase, back to Westminster.

- Teachers have been offered a cost of living increase for 2016-17 which works out at less than the cost of a litre of milk per day.
