Please comment on the following:-

Issue	Response
Was the venue suitable?	
Was the accommodation/food/equipment of a suitable standard?	
Were the venue staff competent?	
Were the travel arrangements appropriate?	
Were the educational objectives met?	
Was the content of programme relevant to the group?	
Were the young people effectively briefed prior to the visit?	
Were agreed procedures followed by all in a supervisory capacity?	
Are there any specific issues which need to be addressed as a result of this visit?

Risk Management

This is an example of an approach to risk assessment, using a scoring mechanism. It is recognised that there are other examples of good practice that already exist in schools for example the five step qualitative approach. Such good practice should be built upon and disseminated across the whole school.

Risk assessment can be undertaken by identifying the hazards and then assessing the risk. Note that a hazard is anything with the potential to cause harm. Risk is the likelihood of harm from the hazard being realized.

Probability of occurrence	Score	Consequence of outcome
Highly unlikely to ever occur	1	Slight inconvenience
May occur but very rarely	2	Minor injury requiring First-Aid
Does occur but only rarely	3	Medical attention required
Occurs from time to time	4	Major injury leading to hospitalisation
Likely to occur often	5	Fatality or serious injury leading to disability

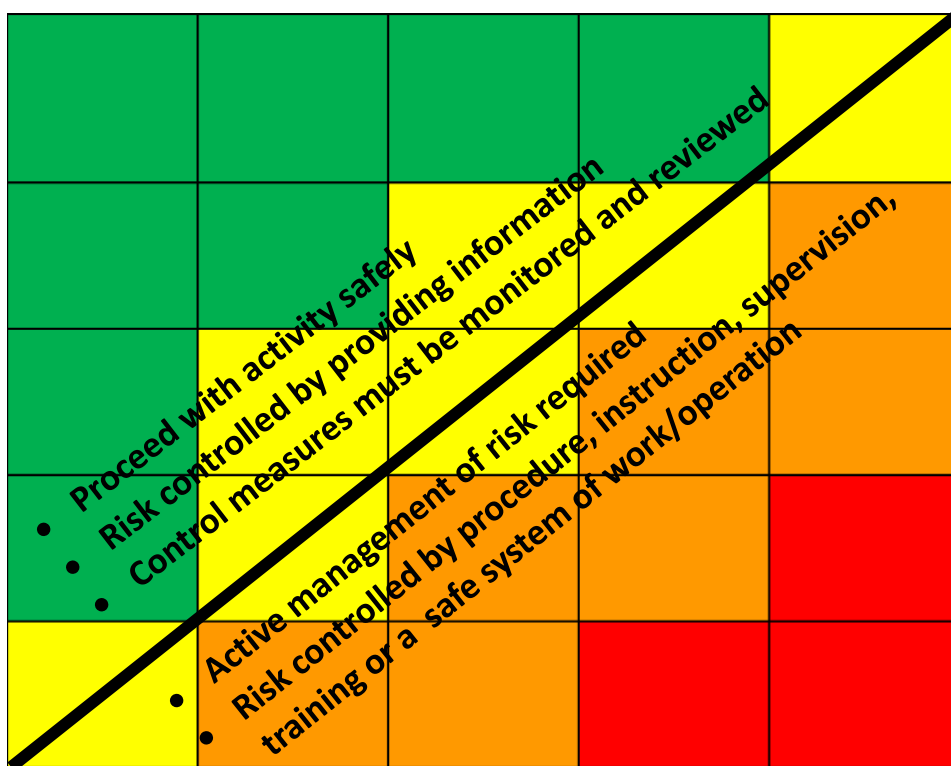

Risk = Probability of occurrence x Consequence of outcome

The level of risk can be calculated by multiplying probability by consequence, so providing a theoretical maximum score of 25. If the resulting score totals 10 or more then active management of the risk is required.

Score	1	2	3	4	5
1	1 Trivial Insignificant	2 Trivial Insignificant	3 Trivial Insignificant	4 Trivial Insignificant	5 Low Tolerable
2	2 Trivial Insignificant	4 Trivial Insignificant	6 Low Tolerable	8 Low Tolerable	10 Medium Substantial
3	3 Trivial Insignificant	6 Low Tolerable	9 Low Tolerable	12 Medium Substantial	15 Medium Substantial
4	4 Trivial Insignificant	8 Low Tolerable	12 Medium Substantial	16 Medium Substantial	20 High Intolerable
5	5 Low Tolerable	10 Medium Substantial	15 Medium Substantial	20 High Intolerable	25 High Intolerable

Risk Level	Action Required
1 – 4 Trivial/Insignificant	Acceptable. Activity should be regularly reviewed to ensure there is no change to the risk.
5 – 9 Low/Tolerable	Activity can proceed. Control measures must be monitored and reviewed as required to ensure they remain suitable and sufficient.
10 – 16 Medium/Substantial	Active management of risk required above score of 10. Activity can proceed, but with caution, ensuring control measures are maintained. Efforts should be made to reduce risk to low.
20 – 25 High/Intolerable	Unacceptable. Immediate action required. Activity should be stopped until control measures can be implemented to reduce risk to medium, then monitor

Risk Treatment

The vital issue is whether the risk can be managed. If there are doubts that the risk is manageable, then it is advisable to change the activity and/or the location. Where there is considerable concern as to the outcome, it is better to abandon and redesign the educational visit than to expose young people to an unacceptable level of risk.

Group leaders must fully record their risk management decisions on paper.

‘As with much health and safety legislation and regulations the paper at the end of the process is of minor significance compared to the professional judgement of the group leader.

As risk management is becoming recognised in all walks of life it is important that young people become involved in the process at the earliest possible stage.’ (Teaching Geography, Vol.25, No. 2, April 2000, p. 74) Schools and youth groups need to develop young people’s understanding of risk. This will equip and prepare them to undertake risk assessment and help them to determine how risk can or cannot be managed.

Please find at **Appendix 1a** an exemplar risk assessment produced by a local secondary school for a school trip to London.

For pupils prone to behavioural problems an individual risk assessment is required, a template for which is available at **Appendix 1b**

Emergency Procedures

Despite risk assessments in place and careful planning, things sometimes go wrong. To mitigate any further risk and recover the situation to normality as soon as possible, the following guidelines must be applied:

- emergency procedures must be established by the group leader and must be communicated to and understood by all members of the party;
- the group leader should ensure that adequate First Aid provision is available. A list of contents for a First Aid Kit is suggested in Appendix 8;
- in the event of a young person becoming ill or being injured, specialist help must be sought as appropriate and parents informed as soon as possible. Where the illness/accident/injury is serious the principal should be contacted. Responsibility for informing relevant authorities rests with the principal;
- if it is necessary due to the seriousness of the circumstances for the parents to visit the young person(s), the principal in conjunction with the governing body should make arrangements for them to do so.

A 'missing pupil policy' should be known in advanced by every member of the group including:

- action to be taken if separated from the group or lost;
- advice on where assistance may be sought;
- notifiable personnel and contact details;
- notification of safe return.

If any leader has cause to believe that a young person has been abducted or has absconded the Police must be notified.

Contingency Planning

Group leaders must create a contingency plan for each visit/trip. All leaders and supervisors must be aware of the plan and senior staff remaining in school must also be aware and hold a copy of the contingency plan. The contingency plan should be informed by the risk assessment.

The group leader should initiate the contingency plan if any of the following circumstances arise or there is a high likelihood of them occurring before the trip returns to school or home:

- an **immediate threat to the physical and emotional safety and well-being** of the pupils and staff on the visit;
- an **unplanned closure** of the venue/destination for a period of time;
- a **significant disruption to travel arrangements** due to unforeseen circumstances (eg cancelled flights, mechanical breakdown etc.)
- an **injury, illness or fatality involving a pupil or member of staff on the visit** ;
- a sudden **serious illness, injury or fatality** of a pupil, member of staff or close relative **back at school or home**;
- a **criminal incident** involving group members or leaders;
- involves the school/organisation having to provide a **response to the media** relating to any of the above.

It should be noted that this list is not exhaustive and group leaders should liaise with their School Principal if in any doubt about a situation.

Contingency plans should provide prompts for actions to be taken in the event of an identified situation arising. As part of the planning process group leaders should identify possible situations that could impact on the visit and then create a list of possible actions and contacts to be consider if the identified situation were to arise.

As an example if a member of staff was required to return home during the trip the contingency plan should identify how this would be accommodated and should identify a member of staff who can be released at short notice to join the visit.

Where an incident involving a pupil or group of pupils arises (eg illness, injury, criminal) their parents/guardian must be directly contacted as soon as possible to inform them of the situation. Where possible all efforts should be made to enable the pupil to talk directly with their parents/guardian in a private setting. The contingency plan should identify who will initiate this contact and this person should have immediate access to the emergency contact numbers for all pupils and staff on the trip.

Once a contingency plan has been activated the situation should be monitored continuously until it is resolved or until the group has returned home.

The CitizenAid App, available for Windows, Apple and Android mobile phone operating systems, is available at: <http://citizenaid.org/> All leaders and staff accompanying educational visits should download this key resource for use in emergency situations.

FIRST- AID KITS

First-Aid kits should contain sufficient quantities of suitable First-Aid material appropriate to the visit environment. For most First-Aid kits, sufficient quantities could be considered as:

- a general guidance card on First-Aid;
- twenty individually wrapped sterile adhesive plasters (assorted sizes) appropriate for the environment (you can provide hypoallergenic plasters, if necessary);
- two sterile eye pads, with attachments;
- four individually wrapped triangular bandages;
- six safety pins;
- six medium sized individually wrapped sterile, un-medicated wound dressings (approximately 10cm x 8cm);
- two large sterile individually wrapped, un-medicated wound dressings (approximately 13cm x 9cm);
- two extra-large sterile individually wrapped, un-medicated wound dressings (approximately 28cm x 17.5cm);
- sterile water or sterile saline solution in sealed disposable containers for use in situations where mains tap water is not available. (Each container should hold 300ml and at least 3 containers should be provided. Once opened, the containers must not be re-used.);
- It may also be useful to carry first-aid scissors and medical tweezers.

As an alternative, a number of smaller 'travelling' first-aid kits can be carried containing the same amount of equipment overall, but spread throughout the group.

What should we do about visits given the current threat of terrorist attacks?

The current global situation means that the possibility of being close to, or caught up in, a terrorist attack is a risk faced by us all. Like all risks this needs to be kept in perspective and managed in a thoughtful and proportionate way. To provide some perspective - the UK government identifies five levels of threat from 'low' to 'critical'. Since 2006, when this level was first published, it has never been below 'substantial' – the middle level.

The understandable anxiety of parents, teachers, children and young people is particularly heightened following an incident. As part of the response to staying vigilant and carrying on as normal, it is important to decide about each visit on its merit. The following guidance for visit planning explains how we may reduce our vulnerability while carrying on as normally as possible.

When planning any visit consider the likelihood of the destination, venue or transport hubs being at risk of a terrorist attack. It is sensible to:

- Be aware of the latest news relating to your destination.
- In the UK know the current threat level (available at: <https://www.mi5.gov.uk/threat-levels>.)
- When travelling abroad check the FCO website www.fco.gov.uk in the early stages of visit planning, at regular intervals and immediately prior to leaving.
- Consider the threat of terrorism as part of visit risk management and include it within visit emergency plans.
- When visiting crowded places such as a major city, venue or event, where the risk of attack may be greater, consider within your planning:
 - Possible safe areas or venues, near where you intend to be, that you could use as an emergency shelter.
 - How to minimise waiting time at busy venues. Where to wait and gather for head counts.
 - How to minimise queuing times (such as not carrying unnecessary items) to speed up search and entry.
- Are staff phones charged and numbers shared?
- Do all leaders have all group information? Will they be spaced apart?
- A contact card for all participants giving a number to call if separated from the group, and the name and telephone number of the establishment
- How you would get away in an emergency, bearing in mind that the direct route and planned transport might no longer be an option. Are you aware of alternatives and can you access emergency funds to pay for them?
- Do you need to leave the site immediately with the crowd at the end of the visit event?
- The possibility of an enforced overnight stay and what this might entail – for example do you need a reserve of any critical medication?
- How the leadership team might manage an enforced group split.

During the visit:

- Be vigilant and aware of your surroundings – know where the exits are and where you would run to.
- Be aware of the possibility of suspicious items. (See point 5 the 4Cs - <https://www.gov.uk/government/organisations/national-counter-terrorismsecurity-office>).

- When staying at any place for more than 30 minutes, identify emergency meeting points in case the group is forced to move and becomes split.
- Avoid congregating too long around entrances to major public sites.
- At ports and airports don't linger unnecessarily on the public side of security screening.
- Be aware of the 'Stay Safe' principles: 'Run, Hide, Tell' and know what to expect if you encounter armed response officers (see point 2 in 'recognising the terrorist threat': <http://tinyurl.com/pp4fxmu>)
- The experience of the National Counter-Terrorism Security Office is that **decisive leadership is key.**

MODEL CODE OF CONDUCT FOR PUPILS

For the visit to be both beneficial and enjoyable for all, pupils are expected to:

- behave responsibly and show consideration for others, including fellow pupils, staff and members of the public;
- comply with the instructions given by school staff;
- look after your own possessions and anything you borrow;
- keep all facilities clean, tidy and undamaged;
- abide by any rules and regulations of the places we visit;
- in the event of an emergency, follow emergency procedure instructions;
- understand and follow the rules about the purchase, possession and consumption of alcohol;
- understand and follow the rules about the purchase, possession and use of tobacco;
- understand that the possession and use of non-prescribed drugs and/or illegal substances is strictly forbidden;
- inform staff if you have any medical conditions or injuries;
- inform a member of staff if you have any concerns about safety or security;
- report any damaged or unsafe equipment;
- wear appropriate clothing;
- comply with any restrictions on the access to and use of social media and online services including agreement on the safe sharing and posting of photographs, videos and other information.

On a coach or minibus

- remain in your seat, unless given permission to do otherwise;
- wear your seat belt;
- do not distract the driver – no shouting out, no flash photography etc;
- if you begin to feel travel sick, inform a member of staff;
- when disembarking, be aware of traffic movement and direction.

On a ferry, at an airport and at a railway station

- remain in your group at these busy locations;
- be aware of and comply with all timings and meeting places;
- understand and comply with security arrangements and limitations;
- follow instructions from transport operator staff;
- follow all instructions about being on boat decks;
- visit shops in pairs or groups - never alone;
- stay back from the edge of railway platforms;
- be sure you know where the group is based and how to locate staff.

Staying in a hotel

- read and understand all instructions about fire and safety procedures;
- know the location of duty staff;
- comply with any instructions about permission to leave the hotel;
- comply with any instructions about access to parts of the hotel, e.g. bar, casino, swimming pool;
- understand the dangers of balconies and comply with any instructions about access to them;
- comply with instructions about access to other people's bedrooms;
- comply with any instructions about appropriate relationships amongst participants;

- comply with any instructions about appropriate relationships with others they may come in contact with;
- arrive on time for meals and meetings;
- comply with any restrictions on the use of mobile phones, smartphones, tablets, cameras, music players, etc;
- comply with any restrictions on internet access, and viewing TV, videos and DVDs, etc.

Excursions

- remain in your designated group;
- know which member of staff is your nominated leader;
- when unaccompanied by staff, ensure that you understand any instructions and limitations;
- always carry your emergency contact card.

I agree to abide by the above Code of Conduct.

MODEL CODE OF CONDUCT FOR ALL LEADERS, STAFF AND SUPERVISORS

Adult supervisors leading and accompanying a group of students are at all times bound to follow the Child Protection Policy.

Given the particular circumstances of educational visits, adult supervisors must adhere to the following additional guidelines:

- supervisors must discuss and agree supervisory duties in advance of the trip and carry out all duties so assigned throughout the period of the trip;
- supervisors must ensure that their relationships with pupils are appropriate to the age and gender of the pupil, taking care that their conduct does not give rise to comment or speculation;
- supervisors must not enter the bedrooms or sleeping accommodation of pupils unless accompanied by another supervisor except in an emergency or when such action is completely unavoidable;
- a supervisor should avoid situations in which he/she is alone with a pupil. If such a situation is unavoidable, the supervisor should as far as possible ensure that he/she is in a public place with the pupil;
- supervisors must avoid all physical contact with pupils, unless engaging in administering first aid or as part of the college's Reasonable Force policy;
- supervisors must not consume alcohol during the trip;
- supervisors must not smoke in the presence of pupils during the period of the trip;
- supervisors must ensure that their own conduct is appropriate in the circumstances and would not give rise to comment or speculation;
- if any incident occurs during the trip where a supervisor feels that his/her actions may have been misconstrued, the supervisor should report the incident to the group leader immediately and should, on return, provide a written and verbal report of the incident to the principal.

AREAS TO BE ADDRESSED DURING BRIEFING OF LEADERS, PUPILS AND PARENTS PRIOR TO VISIT

Prior to any educational visit (categories 3-5) the group leader should brief all leaders, pupils and parents.

Leaders

Supervision of pupil is paramount. The roles, responsibilities and detailed duties of all leaders must be worked out well in advance of a visit. Unless otherwise agreed, it must be assumed that leaders are on supervisory duty at all times. It is essential that all accompanying staff and volunteers should be fully briefed before agreeing to participate in an educational visit.

The briefing should include the following key areas:

- educational purpose;
- make-up of participating group;
- details of all planned activities, including any that are hazardous;
- expected level of participation in activities;
- arrangements for supervision, including details of rotas;
- roles and responsibilities of leaders and pupils;
- an agreed code of conduct (including the use of mobile phones and social media);
- health and safety rules;
- procedures e.g. emergency, First-Aid etc;
- cash handling arrangements, where necessary.

Parents of all pupils must be asked to sign a consent form giving:

- permission for their son/daughter to participate in activities;
- details of any medical or behavioural condition which may affect their participation including medications, allergies etc;
- emergency contact number;
- advance permission for urgent medical treatment if this is judged to be necessary by medical authorities.

The briefing of volunteers is particularly important as they are not part of the everyday life of the school and may not fully understand normal practices.

Therefore, volunteers must be:

Notified of and complete, vetting procedures prior to participation

Provided with guidance on the expectations and boundaries of their behaviour whilst participating in the educational visit.

Pupils and Parents

Pupils should be fully briefed before participating in an educational visit.

Information regarding the following should be provided:

- educational purpose(s) of the visit;
- date(s);
- departure and return times;
- transport arrangements;
- address/location/accommodation;
- details of all planned activities, including any that are hazardous;
- health and safety rules;
- responsibility for themselves and others (see pupils responsibilities Appendix 6);
- arrangements for supervision;
- role and responsibilities of leaders and pupils;
- an agreed code of conduct (including the use of mobile phones and social media);
- procedures e.g. emergency, First-Aid etc;
- any special clothing or equipment needed;
- recommended maximum pocket money, if appropriate;
- liaison arrangements with school including an emergency telephone number;
- details of arrangements relating to any participant returning home early cash handling arrangements, where necessary;
- procedures in the event of a pupil getting lost or separated from the rest of the group.

At an early stage parents should be informed of the proposed visit. Where a visit includes a residential element, parents should have an opportunity to meet with accompanying staff and other volunteers.

Parents of pupils must put in place suitable arrangements for the pick-up and set down of their son/daughter prior to and after the educational visit. These must be agreed with the school in advance.

Only by direct contact with a parent and with the agreement of the school may an alternative to the scheduled pick up or set down locations be arranged.

The group leader or leaders of an educational visit must not make ad hoc pick up or set down arrangements with a member of the group.
