Post-Graduate Certificate/Diploma Programme of Continuing Professional Development in Special Educational Needs (Autistic Spectrum Disorders) for Teachers

TO: THE AUTHORITIES OF PRIMARY, POST-PRIMARY AND SPECIAL SCHOOLS

1. The Programme 2011/2012

St Angela's College, Sligo, (A College of the National University of Ireland, Galway (NUIG)), is offering a Post-Graduate Certificate/Diploma in Special Educational Needs (Autistic Spectrum Disorders) (ASDs) Professional Development Programme in collaboration with the Special Education Support Service (SESS) for teachers of students with ASDs. In accordance with programmes being offered by the college, this programme will be accredited by NUIG, and will lead to an award of a Post-Graduate Certificate/Diploma in Special Educational Needs (ASDs).

Up to 25 places will be available on the programme for the year 2011-2012.

2. Aim and Content

The aim of the programme will be to develop teachers' knowledge, understanding and skills in working with students with autistic spectrum disorders.

Qualifications will be awarded by NUIG to participants who successfully complete the programme. Participants will be assessed on the basis of **full attendance** at the programme, successful completion of selected tasks and written assignments, in addition to their work in schools. Consideration will be given to applications for accreditation for prior learning (APL) with regard to certain course elements provided by the SESS. Further details are available to applicants from St. Angela's College, Sligo on their website at www.stangelas.nuigalway.ie and the Special Education Support Service (SESS). Website: www.sess.ie

3. Duration and Organisation

This Post-Graduate Certificate/Post-Graduate Diploma is a professional development programme which can be obtained over a maximum of two years. The programme comprises four modules, as follows:

Post-Graduate Certificate

- **Module one (Core Module)** - Understanding Autistic Spectrum Disorders

And

Module two - Assessment, Planning, Applications and Curricular Access

Or

- **Module three** - Teaching Approaches for Students with Autistic Spectrum Disorders.

Post-Graduate Diploma

- **Module one** - Understanding Autistic Spectrum Disorders
- **Module two** - Assessment, Planning, Applications and Curricular Access
- **Module three** - Teaching Approaches for Students with Autistic Spectrum Disorders
- **Module four** - Self-management and Behaviour

Completion of Modules 1 (Core) and 2 **or** 3, together with successful completion of the necessary course work and a practicum will attract a **Post-Graduate Certificate** in Special Education (Autistic Spectrum Disorders). Completion of the additional two modules together with the necessary course work will attract a **Post-Graduate Diploma** in Special Educational Needs (ASDs). Participants who complete the Certificate level, may progress to the Diploma level and on successfully completing it, will exit with a Post-Graduate Diploma in SEN (ASD).

Participants will not necessarily be required to complete individual modules sequentially. However all elements of all modules must be completed within a consecutive two year period.

The programme will require from a minimum of eighteen days (Certificate) to thirty-seven (Diploma) days release from school over the two-year period. As a result of accreditation of prior learning (APL) for individual teachers the number of days release required may also be reduced.

Attendance on at least 5 Saturdays at a central venue will be a requirement for successful applicants.

Class visits from SESS and St. Angela's personnel for the purposes of support provision and practicum assessment respectively are an essential component of the programme.

4. Eligibility

Please note that all teachers must be registered in accordance with Section 31 of the Teaching Council Act, 2001. Please refer to the Teaching Council website www.teachingcouncil.ie for further information.

This programme is for registered teachers who hold a post currently funded by the Department of Education and Skills and who are currently working with students with Autistic Spectrum Disorders (ASDs) or will be working with students with ASDs for the duration of the Programme in recognised Primary schools including Special Schools and recognised Post-Primary Schools. **The programme is designed specifically to assist teachers in meeting the learning and teaching needs of students with ASDs.** Potential applicants must therefore have a teaching role in relation to students with ASDs.

Applicants from Special Schools should have successfully completed their probationary period.

Consideration will be given to applications for Accreditation for Prior Learning (APL) under the Colleges APL policies and procedures. Relevant SESS courses in the learning and teaching of students with ASDs will be considered in this context.

Teachers who are participating in this programme must continue to have a teaching role in relation to students with ASDs for the duration of the programme. It is also advised that school management should make every effort to ensure that students with ASDs continue to benefit from teachers’ knowledge and expertise in this area, through assigning the learning and teaching of students with ASDs to teachers who have successfully completed this programme.
