### Cornmarket Protect

I have recently purchased the membership to Cornmarket Protect and thoroughly recommend it. My family and I have already used it to access GP and counselling services. For the GP I was able to ring the service at 7.30 on a Saturday morning, have a GP ring me back at 7.45, and be diagnosed, with a note for a prescription emailed to me at 7.50. I am sure the rest of the services provided by Cornmarket Protect will be just as useful as and when my family and I need them.
