In this workshop, teachers will:

- Discuss cross-curricular opportunities for Global Citizenship Education.
- Explore active learning methodologies for incorporating global themes into the primary classroom.
- Learn about curriculum-linked Global Citizenship Education resources for each class level.

Global Citizenship Education is an active and creative educational process to increase awareness and understanding of the world in which we live.

Learners are supported, in age-appropriate ways, to make connections between their own lives and international social justice issues, to collaborate, cooperate and be empowered to make a positive difference in the world.

Global Village is the new strategic partnership for Global Citizenship Education in Primary Schools, between Irish Aid at the Department of Foreign Affairs, and a consortium of Dublin City University (DCU), the Irish National Teachers' Organisation (INTO), the Irish Primary Principals' Network (IPPN) and Trócaire.
