"It's the most inhumane thing to do: to deny health in a conflict...the number of children. So many brought in. So many dead children."

Dr Morgan McMonagle, Trauma Surgeon,  
Irish Royal College of Surgeons

We believe that what is  
happening in Palestine is a  
genocide.\*  
As teachers, we feel it is our  
moral duty to talk about it  
in our schools.

\*Israel is on trial at the International Court of Justice for the crime of genocide.  
We agree with Amnesty International, the US-based Centre for Constitutional Rights,  
Al Haq and others that a genocide is occurring.
