Part 2

Criterion G – Alleviating some of the pressure on class sizes at infants level

This appeals criteria is targeted at schools that are not gaining an additional teaching post under the developing schools criteria but nevertheless make a significant contribution to the provision of school places which assists the response to demographic growth within their area and as a result are under significant pressure on their class sizes at infants level. A key indicator in relation to these schools is a significant increase in junior infants enrolments.

No. of Junior Infants enrolled on 30 th September 2018 (must be a minimum of 30 junior infants)	
No. of Junior Infants enrolled on 30 th September 2019 (must be higher than the 30 th September 2018 enrolment)	
Projected no. of Junior Infants enrolled on 30 th September 2020 (must be higher than the 30 th September 2019 enrolment)	

If an additional post is sanctioned by the Appeals Board please state the (projected) breakdown of class groups per teacher for the <u>2020/21</u> school year:

Class Groups	No of Pupils
Total	

Schools are reminded that in the context of seeking additional resources from the Department under this criteria it is very important that the projected enrolment is realistic.

Schools are required to ensure that the number of pupils in any class is kept as low as possible and to use their autonomy, where possible, to implement smaller class sizes for infant classes.
Please state below the key steps your school is taking, in particular for infant classes, in order to comply with this requirement for the 2020/21 school year:
